Introduction

Prime College is a sanctuary for curious minds to come and expand their creativity, leadership, and innovation. We aspire to provide our students with an ideal environment to foster and sharpen their skills and knowledge while providing them a space to grow and evolve as global citizens.

“ We continually invest in progressive facilities that boost our students to **initiate** the mastery of passion, **explore** by participation in a wide array of events, and **innovate** new ideas of their own!

Our Programs

BIM

Bachelor of Information Management

8 Semesters, 4 Years Credit Hours : 126 Entrance Exam : CMAT

This is a hybrid program with the amalgamation of Management and Information Technology courses with a focus on analytical, problem solving, decision making, and critical thinking skills. It helps to equip graduates with the attributes required to become efficient and effective IT professionals.

BBA

Bachelor of Business Administration

8 Semesters, 4 Years Credit Hours : 120 Entrance Exam : CMAT

The course is tailored around the basic areas of business, management, marketing, accounting, and finance. The degree enhances students' practical, managerial, communication skills, and decision-making capabilities. It drives students to become competent market leaders and management experts.

BBS

Bachelor of Business Studies

4 Years Entrance Exam : Not Required

The BBS course provides a strong foundation in applied areas of business. This course highlights the importance of various managerial fields and incorporates issues and challenges of a dynamic business environment.

BSc. CSIT

Bachelor of Science in Computer Science and Information Technology

8 Semesters, 4 Years Credit Hours : 126 Entrance Exam : IOST

The BSc. CSIT program develops the underlying principles of both computer science and information technology, and it shows how these principles can be applied to solve real-world problems. It provides new approaches and innovative ways of computing technology.

BBM

Bachelor of Business Management

8 Semesters, 4 Years Credit Hours : 120 Entrance Exam : CMAT

BBM equips students with effective knowledge, abilities, self-confidence, and managerial skills, which contribute to successful and efficient information management; and transform themselves to be a leader in the competitive market.

BCA

Bachelor of Computer Application

8 Semesters, 4 Years Credit Hours : 126 Entrance Exam : BCA

The BCA program aims to produce skilled computer developers with sound technical backgrounds and knowledge to develop well-designed, robust, and reusable computer-based solutions to a range of problems in businesses and industries.

MBS

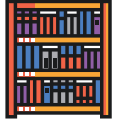

Master of Business Studies

4 Semesters, 2 Years Credit Hours : 60 Entrance Exam : CMAT (MBS)

The MBS course offers a blend of practical and theoretical knowledge in business studies and management, fostering research abilities. Students can specialize in marketing, finance, accountancy, or management, gaining expertise for high-level managerial roles in public and private sectors within and beyond Nepal, along with honing their entrepreneurial skills.

Mathema Learning Resource Center

Named after founder and former Chairperson Late Prof. Dr. Sundar Shyam Bhakta Mathema, the Mathema Learning Resource Center enhances learning for undergraduates and graduates at Prime College. MLRC bridges coursework and real-world needs, overseeing the Library, Research, Value-Added Courses, Training, Student Support, and Students' Club.

Value-Added Courses & Training Division

Numerous value-added courses take place to highlight and improve the unique skill sets of students. This may include:

- ▣ Full Stack Development
MERN
- ▣ Design Thinking Workshop
- ▣ Python with Django
- ▣ Industrial Field Visit
- ▣ Accounting Bootcamp
- ▣ Blockchain Session
- And many more...

Students' Club

“ Get involved with our students' club to enhance your skills and personality.

Prime Esports Hub

Ethics & Standards Office (ESO) and Prime Wellness Center

Prime College emphasizes ethics through the Ethics & Standards Office (ESO), fostering moral growth. The ESO Team guides on self-construction and socio-moral reflection.

The Prime Wellness Center provides confidential physical and mental well-being services. Wellness appointments help students address concerns, create plans, and find healthy solutions. These inclusive programs empower students for holistic well-being.

Prime Career Center

The Prime Career Center empowers current and former Prime College students for real-world success. Our focus is on cultivating the skills needed to thrive professionally, through internships, traineeships, and personalized career plans. We ensure seamless transitions from academia to the professional realm and facilitate job placements that match each student's career goals, ensuring a fulfilling journey in their chosen field.

What makes Prime Special?

Anjali Khanal
MBS

“

Being a student of Prime College has actually changed me for the better. The challenging education, helpful environment, and enthusiastic lecturers have actually equipped me for my future job. Numerous training and workshops provided by the college have also helped me forge lifetime connections, gain experiences and develop my Inter/Intra personal skills. I am very much proud to be a student of this institution.

”

Yunika Shakya
BSc. CSIT

“

Prime College provided me with a path to learn and experience new things. It has facilitated my growth and development. Participating in college clubs and activities in a friendly environment and having supportive teachers and coordinators were plus points for me. Also, getting an opportunity to be an intern as a Creative Designer at MLRC enhanced my personal and professional growth. It allowed me to apply and grow my knowledge/ skills in real-world projects. Prime College has had a positive impact in my life. I highly recommend it to anyone looking for a college that challenges and supports them in achieving their goals.
